

# Bevair Tales

June, 2013

The Publication of the Beaver State Corvair Club

*Hi Corvair Club Members;*

Our next meeting is **(the second Tuesday) May 14th at the Sizzler restaurant** in Albany. (2148 Santiam Hwy SE Albany, Oregon 97322) (541) 926-6591

[http://www.sizzler.com/storemenus/Sizzler\\_Albany\\_SantiamHwy2\\_2011.pdf](http://www.sizzler.com/storemenus/Sizzler_Albany_SantiamHwy2_2011.pdf)

Dinner at 6:00, meeting at 7:00 (In the back room).

First I want to thank Greg for conducting our last meeting and apologize for not being there. The Monday afternoon before our last meeting I felt myself starting to get sick like a few other people at work recently. I called Rex and Duane to say I might not be there, and sure enough, I stayed home all day Tuesday. My wife really wanted to go to the meeting (I did too), but I did not want to pass whatever it was that I had onto any of you. I was able to go back to work Wednesday, but not quite at 100%. It was good to just do nothing on my sick day, and of course I didn't feel like doing anything all day, but then thought about all of the stuff I could have been doing.

I was glad to hear that David drove his Corvair to the meeting, but disappointed that I wasn't there to check it out.

We have been getting ready for vacation on our annual Old Cars and Peculiar People tour to California. There are supposed to be more people and more cars this year. Most of the cars are from the (19)teens through the 1930s and of course we are going to drive our "more modern" Studebaker. Like I have mentioned before, they prefer nothing newer than 1959, and that leaves most every Corvair out.

The bad thing is that we will be in California when it's time to have our June BSCC meeting. I guess you managed without me last month when I was sick, but I hate to miss two meetings in a row.

One thing that didn't work out (partly from me not making it to the last meeting) was a trip to the Evergreen Aviation & Space Museum. The first date came too soon, and the second date (June 9<sup>th</sup>) ended up being on a Sunday and wouldn't work for some of us. I am still checking back with them every month to see if they have any other car shows planned for this year, but nothing so far. Besides being able to look at the cars, the admission is about \$5.00 less to get in, so it is best to go when there is a car show.

Here is a short video on the May 25<sup>th</sup> car show. The very first car is a Corvair, but if you watch the whole video, take a Dramamine, because its pretty shaky.

**Hope to see you next month, Mike**  
Minutes Beaver State Corvair Club

May 14, 2013

Members attending: John Meyers in his 64 convertible, Jack and Jody Scovel, Charlie and Cheryl Morgan, Greg Miller in his 65 coupe, David Sustello in his 65 turbo convertible, & Rex Johnson in his 69 convertible, Duane and Betty Sue Bischoff, and new members Terry and his son Ethan who are building a father-son 63 Spyder coupe with a naturally aspirated engine instead of the turbo with assistance from John Meyers..

Meeting called to order by Secretary Greg Miller at 7:35.

Minutes read and approved, treasurer's report read.

Old Business;

Econorun;

This years Econorun is in Wenatchee Washington May 17<sup>th</sup> – 19<sup>th</sup> Rex will be there and announce we will host next year's Econorun unless someone else jumps up to host first. Nora mentioned that she still needs late model (Corvair) advertisements for the quilt (to be raffled off at the BSCC Econorun). The best dates to have the Econorun should be between Mothers day and Memorial day (Late April to Middle May). Secretary will get a map of covered bridge locations in Albany and surrounding areas, and start plotting a approximately 100 mile tour of covered bridges in the area.

John Meyers' BBQ at his home will be August 3<sup>rd</sup>. How many will drive past the driveway this year? He will again provide meats, please bring side dishes.

New business;

Greg talked about an issue with the custom exhaust on his 65 coupe that he resolved, and his 3<sup>rd</sup> place win for 65-later GM at the Bethel Boosters car show and Shine May 11<sup>th</sup>, pics are below.

Terry Maloney introduced himself and told us about the father – son project, a 63 Spyder coupe minus the turbo engine for his son.

John Meyers passed around some pictures of Corvairs at a recent CORSA Oregon meeting. (secretary really likes the metallic blue LM 4 door)

Philomath's 4<sup>th</sup> of July car show includes a picture taken of you and your car, printed on a T-shirt for the occasion, if anyone wants to go to that.

Greg was contacted by James Meyers from The Great Albacore Tuna BBQ challenge to participate in a car show on Sunday, August 11<sup>th</sup>. Car show participants will receive “chits” to sample the tuna prepared by student chefs competing for a \$1000 prize. This is new this year, the pro chefs compete on Saturday. Greg will be on call and unable to participate, the Rollin' Oldies club will be there, perhaps a few Corvairs as well?

Today's meeting took place on the 44<sup>th</sup> anniversary of the last Corvair rolling off the assembly line in 1969.

Greg will arrange next meeting place for June.

50/50 raffle was won by John Meyers

Meeting adjourned at 8:15

We all went out and looked at David Sustello's weber-equipped turbo Corsa convertible that has recently been awakened from nearly 20 years of slumber after the meeting. (pictures below)

Submitted by Greg Miller

**Parts for sale:**

**Lots of Corvair Parts. Call with needs.

**Clark's Corvair Parts®**

**400 Mohawk Trail, Shelburne Falls, MA 01370**

**(413)625-9776 [www.corvair.com](http://www.corvair.com)**

May's meeting at Sizzler in Springfield. Rex was there too, but no space next to ours. Mine is LOW.

Checking out David's 65 turbo vert with Weber carb.

At the Bethel Boosters Car show and shine, I was lucky the Camaros had their own category.

Beautiful day, beautiful cars.

Nobody parked next to me, maybe it was going to flip over, blow up and suffocate everyone?

It's all good though, got the trophy.
